

Royal Icing

Since this icing dries out very quickly, it's important to keep it covered with plastic wrap or a damp towel.

Gingerbread Dough

This easy dough is equally good for small and large houses. It also bakes into several dozen fragrant cookies, depending on size and shape of cookie cutters.

1 cup	shortening	250 mL
1 cup	granulated sugar	250 mL
2	eggs, lightly beaten	2
3/4 cup	fancy molasses	175 mL
1/2 cup	blackstrap or cooking molasses	125 mL
5-1/2 cups	all-purpose flour	1.375 L
2 tsp	ginger	10 mL
1 tsp	each baking soda, salt, cloves and cinnamon	5 mL

In large bowl and using electric mixer, beat shortening with sugar until light; beat in eggs and fancy and blackstrap molasses. ✿ Stir together flour, ginger, baking soda, salt, cloves and cinnamon; using wooden spoon, gradually stir into molasses mixture. Mix well, working with hands if necessary.

✿ Divide dough into four discs; wrap each in plastic wrap and refrigerate for at least 2 hours or until firm, or for up to 1 week.

✿ Meanwhile, referring to measurements on diagrams (next page), draw pattern pieces on waxed paper; label and cut out.

✿ Between sheets of waxed paper, roll out one disc at a time to 1/4-inch (5 mm) thickness. Remove top sheet of paper; arrange pattern pieces on dough. Using tip of knife, trace and cut out shapes. Freeze on waxed paper-lined baking sheet for 20 minutes or until hard.

✿ Transfer cutouts to parchment paper-lined or lightly greased baking sheets, reserving dough scraps for rerolling. Bake in 325°F (160°C) oven for 12 to 15 minutes or until golden and firm to the touch. Transfer gingerbread to racks and let cool completely. Makes enough for 1 large or 5 small gingerbread houses.
